

Photo consent - please complete and return

Photographs of children may be used within school as part of class or corridor displays, or with your permission they may also be used in publications such as the school newsletter, prospectus, our website, social media or the local newspaper.

Where we use photographs which may be seen outside of school, such as celebrating a sports team success, we may print the first name/s of the children, but we will never use full names. We encourage you to view our school website and/or Facebook page before making your decision to see how we use photos. We find that children often feel left out if their photo is not included, but we understand that some children need to be protected outside of school.

Please only tick one box:

<input type="checkbox"/>	I give consent for my child's photograph to be used on internal screens, notice board displays and classroom displays ONLY.
